

DN *Series*

DETACHABLE NECK
GROUND BEARING

Choice **DN Series** trailers are well equipped with many standard features you would expect to find on a higher priced, manufactured brand.

All-beam main frame construction, removable outriggers, radial tires, and LED lights are just a few of the standard features you will find a Choice Trailer.

Quality materials and components, combined with advanced design and fabrication techniques; all at a price your budget can handle.

With operating cost on the rise, choosing to invest your money wisely is a must...

Your Choice is Now Clear.
